BASIC COMMISSIONS– Basic Commissions may be paid only for the sale of insurance products and policies which the Company may lawfully issue and which are described in this Compensation Schedule (which may be amended from time to time and is available via SalesLink), which products and policies are the “Authorized Contracts.” Basic commissions are subject, however, to the restrictions placed upon you and Producers appointed to you by the laws and regulations of the jurisdictions where the Agency is licensed, the Company’s policies and procedures as they presently exist and as they may be amended from time to time, including but not limited to its underwriting rules and the terms and conditions of this Compensation Schedule. The Company has the right to decline any application for any contract or policy or other product in its sole discretion, for any reason, and to return any money submitted to the applicant.

Basic Commissions are calculated as percentages of premiums received and accepted by the Company subject to the other provisions herein contained. Any policies in force shall be subject to the commission and commission chargeback provisions set forth in the Compensation Schedule applicable at the time such policies were issued. Cash values paid to policyholders and subsequently returned to the Company as premiums for newly issued policies will be treated as if such payments were transferred directly and compensation will be paid at a rate set by the Company. Policy values not paid out as cash value will be applied toward premium and will not receive commission.
